

Oracle awards Whitehouse Consultants as a Top Performing Oracle Accelerate Partner

Oracle has announced its 15 top performing Europe, Middle East and Africa (EMEA) Oracle Accelerate partners. Whitehouse was one of only 2 UK partners to receive this recognition, and the only UK reseller of JD Edwards solutions. Oracle selects partners for the Accelerate program who have a proven history of delivering solutions to a customer's specific industry and geography.

Winners of EMEA **Top Performing Oracle Accelerate Partner** awards were judged on a number of performance criteria and Whitehouse was applauded for demonstrating excellence in developing and marketing its Oracle Accelerate solution for Wholesale Distribution.

Oracle Accelerate solutions provide midsize organisations with pre-packaged application bundles. They feature industry-specific functionality and are designed for rapid and affordable best-practice implementations. Designed with future flexibility in mind, Oracle Accelerate solutions allow customers to stay on the upgrade path. These factors are all critical to customers achieving a return on their investment.

As its reward Whitehouse will receive a support package that includes training sessions for a member of staff to achieve Oracle's International Project Manager Certification.

Adrian Coss, Managing Director, Whitehouse Consultants commented:
'Oracle Accelerate solutions are perfect for our midsize customers because they are low-cost, low-risk and provide industry-specific functionality. Midsize businesses need access to full functionality; but not necessarily all at once. Accelerate solutions are the answer because they quickly provide businesses with measurable benefits as well as retaining the flexibility to meet longer term business needs.'

Stein Surlien, Vice President, Alliances & Channels, Oracle EMEA said: *"My sincere congratulations go to Whitehouse and all winners of our Oracle Accelerate partner awards. These partners are a great example of companies who have brought true value to their own and customers' businesses. The Oracle PartnerNetwork strives to provide support, services and expertise that help our partners succeed and these award winners have leveraged these elements to accelerate their businesses. We are proud to be involved with these partners and wish them the greatest success for the future."*
