

Oracle Accelerate Enablers for Wholesale Distribution

Real-time Financial and Inventory Visibility

- Increase inventory turnover and reduce costs
- Increase visibility of both customer and item profitability
- Full integration with financial management software

Total Support for Distribution Processes

- Create distribution plans based on forecasts
- Create sales orders, manage pricing and view customer credit information
- Operate a complete procure-to-pay process from PO creation and receipt, to voucher matching and payment

Rapid Time to Value

- Pre-configured solution enables immediate testing cycles
- Documentation templates can be enhanced and personalised
- Pre-defined security profiles limit access rights to authorised users

Oracle Accelerate

Oracle Accelerate brings comprehensive, easy-to-own, industry-focused applications to mid-size businesses.

Key to Oracle Accelerate is the availability of application bundles that can be quickly implemented and that provide a wide range of industry-specific functionality. To be eligible to deliver an Oracle Accelerate solution, a partner must be a member of the Oracle PartnerNetwork at the Certified or Certified Advantage Partner level. With Oracle Accelerate solutions, partners are providing to customers solutions that are easy to own with industry bestpractices, giving them the choices they need for today and tomorrow.
